PRODUCER

We shall always remember your interest, your cheerfulness, your desire to help, your complete giving of self, your lasting contributions to DRHS, your implicit faith and hope in every student. For all you are, for all you have been, we the Annual Staff of 1971, Dedicate this volume of DEMON'S DIARY to you, Mr. Harold Wood.

Dear Senior Class of 1971:

You are the first class which has begun as freshmen and graduated while I have had the privilege of serving as school principal. You are a special class to me.

I hope you will be special to the world as you continue your post high school education and life.

Many things have changed in our society since most of you were born in the early 1950's and many things have changed since you entered school in the late 1950's.

Many things have changed since you entered high school in the mid 1960's and I am certain the rest of your life will see many more changes.

It is easy to become directionless and confused in a society which is accused of many ills; one of which is the accusation of hypocrisy. It is my hope that when this society says to you that two of the main purposes of life are fidelity to God and service to your fellowman, it will not be disregarded even though hypocrisy may abound.

Mr. Harold Wood, Principal.

My best wishes to the graduating class of '71 as you begin your journey into responsible adulthood. To those of you who have a few more days or years at 'ol blue and white go my personal wish for you to find success in your school experience.

PROPHECY

A long time has passed since we walked the aisles of D.R.S. on June 2, 1971, our graduation night. But yet it seems like only a yesterday. I can see us all now; young, happy, carefree. Now ten years later as I look through the dust laden window of the closed school doors I see the same old radiator that used to warm our backsides on those cold winter mornings. This sight reminds me of my classmates.

I think of Randy Seagroves who has taken over his father's well-drilling company as president, and is married to the former Sandra LeClerc. They have one son.

Jane Porter is now working as a medical secretary in Australia. She is busy looking for a husband — of course!

John Petty and Charles Battle are successful cartoon artists in Brooklyn, N. Y. They own their own business and are confirmed bachelors.

Our class had many to enter the secretarial field. Vivian Douglas is a legal secretary in Chicago and is working for Perry Mason. Ethel Jennings is a private secretary in New York. She is married and had two children. Jean Morrison graduated from King's Business College and is working in Charlotte.

Garry Ammons graduated from State University and now owns a ranch in Texas. He's raising cattle, oil wells and women.

Markie Wicker has really made it big! She is a Doctor of Dentistry and is chief advisor for the American Dental Association.

Bonnie Wicker is a psychiatrist and is happily married to her first mental case. (Of course, she cured him!)

Junior Thomas started out as a long distance truck-driver and has now worked his way up to the vice-presidency of Pilot Freight Carriers, Inc.

Ronnie Campbell is a contractor with Walter Campbell & Son firm and is married to the former Daria Lyczkowski. They now have five little Campbells.

Susie Beal is playing the multiple role of nurse, wife and mother. She is employed at Moore County Hospital and is very busy looking after her husband and three children.

Judy Kirby is living in Massachusetts where she is the governess for Robert Kennedy, Jr's children.

Van Johnson is busy piloting for Pan American. He especially enjoys those long week-end flights with his good-looking stewardesses.

Audrey Holder has finally hooked Fat and is running around after Lynn, Jr. and is trying to make a lady out of their little girl.

One of the leading farmers in the South is none other than our own Gary Harrington. He now owns most of the land in Deep River and is raising all types of crops. He is married to the former Sharon Cagle.

Kathy Wicker is living in Pensacola, Florida. She is a Lieutenant Commander in the Navy and is still completely unattached.

I turned on my T.V. the other day and saw Russell McBryde. He is now pitching for the New York Mets.

If you've visited the Lee County Hospital lately, you probably saw Vickie Windham Mauldin. She is head nurse there and is married to Paul.

Linda Lawson is married to Dale and holds a job as bookkeeper for Macy's. Trisha Knight is also happily married. She and Eddie have two small children.

Barry Hall is now completely bald and is — guess what — the Agricultural teacher at Sanford Central. Barry is still running loose with Dena right at his heels.

Linda Morrison's dream has finally come true. She is now owner and operator of Deep River's Jack and Jill Nursery.

Paula Simpler is a computer programmer and is living in Virginia. Ronell Wood also entered the field of date processing. He lives in Beverly Hills, California and is chairman of the board of IBM.

Freddie Garner is now a doctor of medicine specializing in open heart surgery. He is living in Pennsylvania with his wife and children.

Linda Lamance is a fashion designer for Christian Dior in Paris. She has been selected to design the First Lady's fall wardrobe.

The star skater for the ice capades is Judy Beal. She has won several medals in the Olympics for her skating abilities.

Shirley Harrington is an outstanding figure in the musical world. Critics say she may be another Aretha Franklin.

Tommie McCutchen is the Personnel Manager at Saco-Lowell Shops.

Edward Gunter is a colonel in the Air Force. He is married to his high school sweetheart and they have five children.

Darrell Saunders is still bringing laughter to the hearts of people everywhere since he is a regular on Laugh-In.

Debby McGraw is now teaching Special Education in all of the Lee County Schools.

Yes, we've come a long way since those days when the only important things in our life were who brought break, winning the basketball game that night, and figuring out a way to get out of class.

Deep River girls win!!!

They say all good things must come to an end, and obviously so must the bad. The Deep River girls basketball team ended over three years of frustration last night, as they beat the Lafayette girls by a score of 29-28. The last time the girls had won a game was at the end of the 1965-66 season. They didn't win a game in 66-67, 67-68, or 68-69. Coach J. P. Burnette said that to the girls this was better than winning the championship game of a tournament.

ELEMENTARY

In her years at Deep River, this lady has successfully set the pace so that many little performers will be able to play their parts on the stage of life. She has shown effort and patience and has given many hours of her time. Because of your excellent leadership we dedicate the elementary section of our yearbook to you, Mrs. Autrey.

The good, kind, people at ol' DR
Our actions, our motives, They're up
to par.
The best that you'll find, anywhere,
anyday
It makes people wonder why
we are so gay

You couldn't find a friendlier school
I don't think, and mostly as a rule,
You'll find well rounded students
who
Love sports, activities and well
studies, too?

This year we should make it
like none before
Examples for young ones who
open the door
To take our places when we
are gone
And show them that little is
accomplished alone.

We've got a new coach who
needs our support
Cause he's guiding those players
on the basketball court.
So let's try our best and
make him proud
To be considered one of the
Deep River crowd.

Years will go and new
students will come
But that's no reason for the
spirit to go numb.
Keep it alive, Learn to think
hard and strong
With that combination,
DR can't go wrong.
